

# City of Pacifica 2018 Districting

## Population Units Map

An online version of this map that allows you to zoom in and out for more detail is available as a link from the City website.

Each number indicates the total population of that "population unit" area. Each district must have essentially equal population.

The population of each of the five districts must be close to 7,447, with no more than a 745 difference between the largest and smallest.
